

## **NILE ASCEND TWIN TOWERS MIXED USE TOWERS**

Duration: 4 month

Location : Egypt , cairo

Year : 3rd year second semester , 2025

Type : Mixed use towers

Concept : Nile Ascend is a modern twin-tower project overlooking the Nile River in Cairo, designed to embody vertical elegance and urban harmony. With its sleek glass facades, stepped terraces, and iconic skybridge, the design creates a powerful architectural statement that rises in symmetry and sophistication. This project reflects a vision of contemporary living, merging functionality with a bold presence on the city's skyline.
